discounted office supplies with Office Depot ■ 2007

Save on office supplies, printing, copying!

Shop online, by catalog, or in the store and save!

Office Depot has built a special *business website* ([//bsd.officedepot.com](http://bsd.officedepot.com)) that caters to commercial office needs. It displays both real time inventory and Business AdvantEdge discounted pricing on over 16,000 items! Ordering online is a great way to shop because it offers four times more discounted inventory available than carried in the store. Members report an average of 30% savings when compared to their previous provider. Office Depot's business-to-business catalog is easy to use for those who want to phone or fax their orders. It features the same discounts as the website. Once your enrollment is complete, you can order by phone - 888-263-3423 or by fax - 888-813-7272 (do not call the 800 line listed on the consumer catalogs). You can also purchase in the store using the credit card(s) you include on the enrollment form (be sure to check the "in store" option box when you enroll!).

Print services are at your fingertips!

Office Depot offers BA members great discounts on line for professional business services to enhance your corporate image including:

Custom Printing - business cards, letterhead & envelopes, memo pads, and announcements;

Custom Stamps - date stamps, rubber & self-inking, signature style, corporate seals, carbonless forms, embossers/notary seals, and custom labels can be ordered on line (click on the red bar).

Copy services in the stores!

High-speed & self-service digital B/W and color copying services such as transparencies, reports, newsletters, brochures/flyers, business cards, presentations and photographs;
